EDUCATION

Centre of Science & Technology <i>National Senior Certificate</i>	Litha Park, WC Jan. 2015– Dec. 2019
Cape Peninsula University of Technology <i>Diploma ICT in Application Development</i>	District Six, WC Jan. 2024 – Present

EXPERIENCE

Junior Web Developer/ digital marketing intern <i>Y Jamodien & Associates</i>	May 2021– Dec 2022 <i>Cape Town, WC</i>
- Designed and updated company websites while applying SEO best practices to improve online visibility and engagement. - Supported digital marketing campaigns through website optimization, content updates, and performance analysis.	
Web Developer <i>Younglings Africa</i>	Sep. 2020 – Mar 2021 <i>Cape Town, WC</i>
- Developed and maintained responsive websites using modern web technologies, ensuring cross-browser compatibility and user-friendly design. - Worked closely with designers and project stakeholders to implement functional features and optimize website performance	
Student Intern <i>UVU Africa</i>	Mar 2020 – Mar 2021 <i>Cape Town , WC</i>
- Assisted in web development and digital projects, gaining hands-on experience in front-end development and content management. - Collaborated with team members on technical tasks, improving problem-solving, communication, and professional workplace skills.	

PROJECTS

Student Enrolment System <i>Java, Maven, Apache Derby, SQL, Git</i>	Oct 2025 – Nov 2025
- Developed a Student Enrolment System using Java, Maven, SQL, and Apache Derby, enabling efficient management of student course registrations. - Implemented a Java Swing GUI integrated with a relational database, applying JDBC for secure data handling and structured SQL queries and designed a client-server architecture to support real-time course enrolment and updates, demonstrating practical experience in database integration, server communication, and multi-tier application development.	
Gumtree Re-design App <i>Figma</i>	Mar 2025 – Nov 2025
- Redesigned the Gumtree mobile app using Figma, applying UI/UX principles to improve usability, navigation flow, and overall visual consistency. - Created interactive prototypes and wireframes, focusing on user-centered design, improved information architecture, and enhanced user experience.	
Personal Profile <i>HTML/CSS, JavaScript, VS Code</i>	Aug 2024 – Aug 2024
- Developed a responsive personal portfolio website showcasing my technical skills and first-year academic projects. - Designed and implemented the front-end using HTML, CSS, and JavaScript, focusing on clean UI, structured layout, and interactive elements and applied foundational web development principles, including responsive design, DOM manipulation, and basic user experience optimization.
